

PROJECT FUNDAMENTALS

3-hour workshop

Presented by **Lux Education**

PROJECT FUNDAMENTALS¹ OVERVIEW

The Project Fundamentals 3-hour program is an entry level program to expose newbies to projects.

Upon completion of this program, participants will have the foundational knowledge, tools and confidence needed to effectively deliver a small workplace project.

If you have little or no project experience and you have exposure to small projects within your team or organisation, then Project Fundamentals is the course for you.

3-HOUR PROGRAM OUTLINE

Workshop commences with a virtual introduction by the facilitator

Self-paced eLearning program during the first hour of the session

2-hour interactive virtual training

LEARNER RESOURCES

Participants will receive and/or gain access to:

Participants will gain access to a 1-hour self-paced eLearning module at the beginning of the program

Access to course and templates via a Miro board where all course content sits

Templates they can adapt and use within their own workplace projects

A LuxEducation Digital Credential upon completion of all course requirements

Recommended number of participants minimum 7 and a maximum of 15
